Call for Papers

3rd Workshop on Enterprise Systems in Higher Education (ESHE11)

in conjunction with

IEEE Global Engineering Education Conference
“Learning Environments and Ecosystems in Engineering Education”
EDUCON 2011

Princess Sumaya University for Technology
Amman, Jordan
April 4-6, 2011
http://www.educon-conference.org

Deadline for submissions: December 15, 2010

Enterprise Systems, such as ERP-Systems for example, are an important part of the IT-infrastructure of today’s enterprises worldwide. Hence, the integration of these systems plays an important role in the area of educational environments. Because of their high potential of illustration, visualization and simulation of business and decision-making processes for learners, Enterprise Systems have a high significance for future pedagogic innovation within higher education. The primary challenge is to tap this potential in the education of Enterprise Systems. Actually there are different approaches (e.g. case studies) to train students in these systems. Furthermore, some technical solutions to support students’ behaviour also exist.

The ESHE11-Workshop addresses both: experience with case studies and other material as well as technical solutions based on Technology Enhanced Learning (TEL). The main objective of this workshop is to bring researchers and practitioners together to explore the issues and challenges related to Enterprise Systems in higher education.

Main Workshop Topics

The papers should be related to the main topics of the workshop of Enterprise Systems in Education, e.g. (but not limited to):

- Technical Solutions for teaching Enterprise Systems in Higher Education
  - E-Learning Solutions
  - Analysing Students Behaviour
  - Modelling of ERP-Systems for teaching
  - Frameworks / Architectures for Enterprise Systems in Higher Education
- Semantic Technologies in Education
  - Semantic Technologies for Knowledge Management
  - Semantic Architectures for Education
  - Semantic Web Technologies in Education
- Collaboration in Enterprise Systems
  - Integration of Social Technologies
  - Collaborative Technologies
  - Web 2.0 and Enterprise Systems
- Pedagogic Innovation using Enterprise Systems
  - Innovative Learning Approaches
  - Individualized Learning and Learning Techniques (Case Studies)
  - E-Learning for Enterprise Systems
- Business Models for Enterprise Systems in Higher Education
Submission

There are two types of paper for the Workshop, namely:

- Full Papers: Papers allocated 30 minutes for oral presentation (including discussion). They range for a minimum of 6 pages to a maximum of 10 pages.
- Short Papers: Papers allocated 20 minutes for oral presentation (including discussion). They range for a minimum of 4 pages to a maximum of 6 pages.

All papers accepted for the workshop ESHE2011, whatever the presentation format, will be published in the proceedings under an ISBN reference, on paper and on CD-ROM support, as long as the camera-ready submission, registration and copyright document have been received.

The paper template is available at:

Workshop Format

All authors of accepted papers as well as other participants will be asked to read accepted papers abstracts before the workshop (paper abstract will be available on-line in advance) to facilitate discussion. Workshop participants will be also invited to take part in the EDUCON 2011 conference and other EDUCON 2011 workshops. The workshop publicity will be done by homepage linking, newsletter and personnel invitations. The author who has an accepted paper, irrespective of the paper type (full or short paper), must be registered as an author. No other registration type will be accepted.

Important Dates

- December 15, 2010 - submission deadline for full papers
- January 10, 2011 – notification of acceptance/rejection
- January 21, 2011 – Author registration
- February 5, 2011 - submission of final papers
- April 4 or 5 or 6, 2011 - the workshop

Organizers

- Carl von Ossietzky University Oldenburg, Department of Computing Science, Department of Business Information Systems I / Very Large Business Applications (VLBA)

Workshop Chairs

- Jorge Marx Gómez, Carl von Ossietzky University, Germany
- Dirk Peters, Carl von Ossietzky University, Germany

Program Committee

Maria Manuela Cruz Cunha, Polytechnic Institute of Cavado and Ave, Portugal
Danco Davcev, Sts. Cyril and Methodius University, FYRO Macedonia

Liane Haak, Demand2Offer, Germany

Gustaf Juell-Skielse, Royal Institute of Technology, Sweden

Johan Magnusson, School of Business, Economics and Law, University of Gothenburg, Sweden

Jorge Marx Gómez, Carl von Ossietzky University of Oldenburg, Germany

Dirk Peters, Carl von Ossietzky University of Oldenburg, Germany

Karin Rebmann, Carl von Ossietzky University of Oldenburg, Germany

João Eduardo Quintela Varajão, University of Trás-os-Montes e Alto Douro, Portugal

Tobias Schlömer, Carl von Ossietzky University of Oldenburg, Germany

Volker Zimmermann, IMC AG, Germany
