

## **Technical Didactics Software Engineering" (TDSE)**

This Special Session (TDSE) within the IEEE EDUCON 2014 Conference aims for the third time to foster the discussion on "Experiences in Learning and Teaching Software Engineering" by providing a forum for experiments and experiences and the lessons learned in line with the mission of the Workgroup Technical Didactics Software Engineering.

The mission of the workgroup Technical Didactics Software Engineering is:

- Goal oriented Learning and Teaching Software Engineering
- Evaluating new teaching concepts for Software Engineering
- Transfer of our findings and insights in a better teaching and learning of Software Engineering

Topics of interest

- + Experiments in university education of Software Engineering
- + Human factors in software development, e.g. agile processes
- + Experience with (new) didactic methods in learning or teaching of Software Engineering

Examples of learning units in Software Engineering

- + Results of Research Project covering learning of Software Engineering
- + Quality Assurance in learning of Software Engineering
- + New learning arrangements in Software Engineering
- + Industrial experience in training and learning Software Engineering
- + Teaching software process models and the correlated quality assurance of learning results

TDSE – Program committee chair

Prof. Dr. Jürgen Mottok, Regensburg University of Applied Sciences, Germany

TDSE – Preliminary program committee:

Prof. Dr. Jürgen Mottok, Regensburg University of Applied Sciences, Germany

Prof. Dr. Dieter Landes, Coburg University of Applied Sciences, Germany

Prof. Dr. Georg Hagel, Kempten University of Applied Sciences, Germany

Prof. Dr. Christian Wolff, Regensburg University, Germany

Prof. Dr. Wilfried Honekamp, Zittau-Görlitz University of Applied Sciences, Germany

Prof. Dr. Nasseh Tabrizi, East Carolina University, USA

Prof. Dr. Isabell John, Würzburg-Schweinfurt University of Applied Sciences, Germany

Prof. Dr. Herbert Fischer, Deggendorf University of Applied Sciences, Germany

Prof. Dr. Kai Borgeest, Aschaffenburg University of Applied Sciences, Germany

Prof. Dr. Jörg Abke, Aschaffenburg University of Applied Sciences, Germany

Prof. Dr. Igor Schagaev, London Metropolitan University, United Kingdom

Prof. Dr. Sascha Müller-Feuerstein, Ansbach University of Applied Sciences, Germany

Prof. Dr. Volkhard Pfeiffer, Coburg University of Applied Sciences, Germany

Dr. Amir Tomer, Kinneret Academic College, Israel

Prof. Dr. Reimer Studt, Landshut University of Applied Sciences, Germany

Prof. Dr. Ramin Kolagari, Nürnberg University of Applied Sciences, Germany

Prof. Dr. Axel Böttcher, München University of Applied Sciences, Germany
