9-11 April 2019  
Dubai, UAE

## **Speical Session: Innovation in Real world Engineering Projects**

### **Acronym IREP-2019**

#### **Overview**

The special session is organized to provide an interactive platform for students and academicians to introduce and present their innovative findings of real-world engineering projects (Undergrad and Grad programs). This session will cover a wide range of topics in all engineering streams. The audience can learn in-depth technical knowledge about the projects that interest the most. Each projects will have its own demonstration table and 10 to 15 minute's oral presentation or with posters of information at the discretion of the review team. This will allow the audience to interact directly with authors. Every team is expected to submit a 4 to 6 page technical paper using IEEE conference format.

#### **Topics**

*Electrical Engineering*

*Computer Engineering*

*Mechanical Engineering*

*Civil Engineering*

*Chemical (petro) Engineering*

*Aeronautical Engineering*

*Biotechnology/Life science*

#### **Program Committee**

##### **Chair(s)**

Vinod Pangracious, American University in Dubai, UAE ([vpangracious@aud.edu](mailto:vpangracious@aud.edu))

Ghaleb Ibrahim, American University in Dubai, UAE, [gibrahim@aud.edu](mailto:gibrahim@aud.edu)

Songsu Son, American University in Dubai, UAE, [sson@aud.edu](mailto:sson@aud.edu)

## Members

Khaled Ali, American University in Dubai, UAE, [kali@aud.edu](mailto:kali@aud.edu)

Ibrahim Bakry, American Univesity in Dubai, UAE, [ibakry@aud.edu](mailto:ibakry@aud.edu)

Sana Amir, American Univesity in Dubai, UAE, [samir@aud.edu](mailto:samir@aud.edu)

Ryan Doczy, American Univesity in Dubai, UAE, [rdoczy@aud.edu](mailto:rdoczy@aud.edu)

Husham M Ahmed, AMA International University, Bahrain

Aicha Beya Far, American University in Dubai, UAE, [afar@aud.edu](mailto:afar@aud.edu)
